

Figure 2.

This diagram shows an exploded perspective view of a mechanical assembly. The components are labeled with numbers 1 through 20. Part 1 is the main housing, which includes a base (16) and a top section (19). A long, narrow component (2) is shown inserted into the housing, with a textured surface (2a) and a series of small holes. A cylindrical component (5) is shown inserted into the housing. A small, circular component (15) is shown near the top of the housing. Two small, cylindrical components (17) are shown near the bottom of the housing. A small, circular component (18) is shown near the top of the housing. A small, rectangular component (19a) is shown near the top of the housing. A small, rectangular component (20) is shown near the bottom of the housing.
